MODULE 02 STARTING FROM 16TH DECEMBER**

A - Z OF INTERVENTIONAL RADIOLOGY

BEGINNERS GUIDE IN INTERVENTIONAL RADIOLOGY

The rising demand for Interventional Radiology has led global radiologists to adopt advanced healthcare solutions. Dr. Uthappa's School of Interventional Radiology (USIR) is launching a concise 6-modules, 24-hours series for beginners, aiming to provide diverse knowledge in this field.

HIGHLIGHTS

- Access learning from anywhere.
- Repository Access for 1 Year.
- Study at your preferred pace.

USIR – TEACHING MODULES: 6 SESSIONS

MODULE 1 – BASICS OF INTERVENTIONAL RADIOLOGY

14TH OCTOBER 2023

ARCHIVE AVAILABLE WITH FULL SERIES PURCHASE

1. Introduction to Interventional Radiology kit & access Dr. Soumil Singhal
2. Balloons & Stents Dr. Nagabhushan K. N.
3. Embolic Agents Dr. Nischal Kundaragi
4. Ablation Technologies Dr. Rajesh Helavar
5. Consent in Interventional Radiology Dr. Mohnish
6. Documentation & Reporting Dr. Rohit Madhukar
7. Data collection & Auditing Dr. T. Deepashree
8. Patient Testimonials Dr. M. C. Uthappa

A - Z OF INTERVENTIONAL RADIOLOGY

MODULE 2 – PERIPHERAL ARTERIAL AND VENOUS SYSTEM / NEURO BASICS

16TH DECEMBER 2023

1. DVT – Thrombolysis and Aspiration Techniques Dr. Ashok Reddy
2. AV Fistula Interventions Dr. Rohit Madhurkar
3. Interventions in Intracranial Aneurysms Dr. Karthikeyan
4. Stroke Imaging and Interventions Dr. Ullas V. Acharya
5. Varicose Veins Intervention Dr. Balaji Patel
6. Carotid Stenting Dr. Bhaskar M. V.
7. Aortic Disease – Imaging and Intervention Dr. Rohit Nair
8. Peripheral Vascular Disease with Emphasis on Iliac and SFA Dr. Lenon D'souza

MODULE 3 – OBG / RESPIRATORY SYSTEM

17TH FEBRUARY 2024

1. PPH
2. Embolization in High-risk Pregnancy
3. UFE
4. Fallopian Tube Recanalization / Pelvic Congestion Imaging and Treatment Options
5. BAE – Imaging and IR Treatment Options
6. Ablation in Lung Cancer
7. PE – Imaging and Role of IR
8. Tracheobronchial Stenting

MODULE 4 – NEPHROLOGY / UROLOGY

20TH APRIL 2024

1. PCN and Antegrade Stenting
2. Ablation of Kidney Tumors
3. Varicocele Embolization
4. PAE
5. Central Venous Interventions
6. Embolization in Hematuria
7. Renal Artery Interventions – Current Update
8. Role of IR in ED/priapism case

A - Z OF INTERVENTIONAL RADIOLOGY

MODULE 5 – GI / HPB

15TH JUNE 2024

1. Embolization of GI Bleed
2. Percutaneous Cholecystostomy and Percutaneous Gastrostomy
3. PTBD and Biliary Stenting
4. TACE – Basics
5. TARE – Basics
6. TIPSS / BRTO – Basics
7. Ablation of Liver Tumors

COURSE ARCHITECT

DR. M. C. UTHAPPA

Consultant – Head of Interventional Radiology,
Manipal Hospitals,
Bengaluru

FACULTY

DR. MOHNISH P.

Senior Consultant in Interventional Radiology,
Gleneagles Global Health City,
Chennai

DR. NAGABHUSHAN K. N.

Interventional Radiologist,
Manipal Hospitals,
Bengaluru

DR. NISCHAL KUNDARAGI

Consultant Interventional Radiologist,
Aster CMI Hospital,
Bengaluru

DR. RAJESH V. HELAVAR

Consultant Interventional and Diagnostic Radiology,
Manipal Hospitals Radiology Group (MHRG),
Bengaluru

DR. ROHIT MADHURKAR

Lead Consultant - Apollo Hospitals,
Bengaluru

DR. SOUMIL SINGHAL

Associate Consultant – Interventional Radiology
and Imaging, Medanta,
Gurugram

DR. T. DEEPASHREE

Senior Consultant and Clinical Lead in Interventional Radiology
and Imaging Services, Dr. Rela Hospital,
Chennai

A - Z OF INTERVENTIONAL RADIOLOGY

FACULTY

DR. ASHOK REDDY

Care Hospital,
Hyderabad

DR. BALAJI PATEL

Maven Medical Center,
Hyderabad

DR. BHASKAR M. V.

Adhventha Hospital & Sparsh Hospital,
Bengaluru

DR. KARTHIKEYAN

Dharan Hospital,
Salem

DR. ROHIT NAIR

Aster Medcity,
Kochi

DR. ULLAS V. ACHARYA

Manipal Hospitals,
Bengaluru
